- (d) the specific skill-development programmes or partnerships with training institutions in place to prepare local population for employment in the aviation and airport sectors in Andhra Pradesh; and
- (e) if so, the details thereof?

ANSWER

MINISTER OF STATE IN THE MINISTRY OF CIVIL AVIATION

(Shri Murlidhar Mohol)

(a) to (e): Airports have emerged as a nucleus of economic activities and have multiplier effect on the economy of the State. The linkage between the Civil Aviation Sector and Economic Growth is well recognised. Development of airports leads to increase in passenger movements, tourism development, employment generation and augmentation in circle rates of land valuation leading to enhanced collection of various taxes/stamp duties etc., in the respective State and in the overall development of the Country.

International Civil Aviation Organisation (ICAO) study shows that the air connectivity has an economic multiplier of 3.25 and employment multiplier of 6.1.

Ministry of Civil Aviation has no state specific skill-development programs or partnerships with training institutions.
