UNSTARRED QUESTION NO. 1654.
TO BE ANSWERED ON FRIDAY, THE 13TH FEBRUARY, 2026.

ONE DISTRICT ONE PRODUCT IN MAHARASHTRA

1654. SHRI DHANANJAY BHIMRAO MAHADIK:

Will the Minister of **Commerce and Industry** be pleased to state:

- (a) whether Government has effectively implemented the One District One Product (ODOP) Districts as Export Hubs initiative in Maharashtra, with particular reference to Mumbai as the State's principal export, logistics and financial hub;
- (b) if so, role played by Central Government in supporting ODOP implementation across all 36 districts of Maharashtra and the extent to which Mumbai's ports, airport and trade facilitation infrastructure have been leveraged; and
- (c) the corrective measures, timelines and monitoring framework proposed to ensure balanced export growth across Maharashtra?

ANSWER

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE & INDUSTRY
(SHRI JITIN PRASADA)

(a) to (c): The Districts as Export Hubs initiative is an enabling framework of Directorate General of Foreign Trade (DGFT), Department of Commerce, Ministry of Commerce & Industry with no financial outlay. The initiative functions through the convergence and coordination of existing schemes, programmes, and institutional efforts of the Central and State Governments (including Maharashtra), as well as other stakeholders, to promote export potential at the district level. Further, One District One Product (ODOP) of the Department for Promotion of Industry and Internal Trade (DPIIT) is an initiative to promote the products from each district of the country. The idea is to select, brand, and promote at least one Product from each District (One District – One Product) of the country for enabling holistic socioeconomic growth across all regions.

Several steps have been undertaken to promote and enhance the visibility of products and services identified under the ODOP and Districts as Export Hubs (DEH) initiative including the products identified from Maharashtra. These steps include, facilitating participation in domestic and international exhibitions, capacity building initiatives in collaboration with various agencies; e-commerce on-boarding drives for Government e-Marketplace (GeM)- ODOP Bazaar which showcases and stocks India's best ODOP products. For promoting ODOP at international level, engagement with Indian Missions abroad, virtual buyer

sellers meets and participation in international exhibitions have been undertaken. Also, various ODOP Products have been included as part of gifting during G-20 meetings in India to popularize these products internationally. The district-wise products identified in Maharashtra under ODOP initiative is attached as **Annexure-I**.

Mumbai, as the State's export, logistics, and financial hub; facilitates exports through its ports, international airport, SEZs, and trade infrastructure. As per the information received from the Government of Maharashtra, for promoting ODOP from Mumbai, different interventions have been undertaken. As Gems and Jewellery is the identified ODOP product from Mumbai; Government of India has facilitated the establishment of the India Jewellery Park Mumbai (IJPM) at Mahape, Navi Mumbai. Spread across approximately 21.3 acres, the project is being developed by the Gems and Jewellery Export Promotion Council (GJEPC) in partnership with the Government of Maharashtra. In addition, Government of India has supported the establishment of a Common Facility Centre (CFC) at SEEPZ Special Economic Zone, thereby strengthening trade facilitation infrastructure linked to Mumbai.

Under the District as Export Hub (DEH) initiative of DGFT, identification of the products and services with export potential in all the districts of the country is done in consultation with all stakeholders including the States/UTs. Further, under DEH, institutional mechanism has been set up in all States/UTs by forming the State Export Promotion Committee (SEPC) and District Export Promotion Committee (DEPC) at the district level. In Maharashtra, the State Export Promotion Committee (SEPC) as well as District Export Promotion Committees (DEPCs) in all the 36 districts have been constituted.

The Government of Maharashtra has proactively undertaken the preparation and implementation of District Export Action Plans through District Export Promotion Committees by organising promotional initiatives such as IGNITE (Industrial Growth Networking for Inclusive Transformation and Empowerment), Maharashtra Exports Awards and through convergence of existing schemes related to industrial clusters MSI- CDP (Maharashtra State Industrial- Cluster Development Programme), CMEGP (Chief Minister Employment Generation Programme), Logistics policy and allied sectors.

Further, Government of Maharashtra has earmarked 1% of the export promotion budget under the Maharashtra State Export Policy 2023, for the promotion of ODOP products. To monitor and execute the District Export Action Plans prepared by the respective District Export Promotion Committees, it has been uploaded on the Maharashtra Industry, Trade and Investment Facilitation (MAITRI) portal of the Government of Maharashtra. As a result of the above policy interventions, Maharashtra's total exports in the year 2024- 2025 was increased to INR 5,57,271 Cr. as compared to INR 5,56,400 Cr. in the year 2023-2024 (source: DGCIS portal).
