ANSWER

MINISTER OF RAILWAYS, INFORMATION & BROADCASTING AND
ELECTRONICS & INFORMATION TECHNOLOGY

(SHRI ASHWINI VAISHNAW)

(a) to (c) Indian Railways has taken up the work of installation of CCTV cameras in coaches and locomotives with the purpose of improving safety and security of the passengers. The provision of CCTV cameras is expected to deter miscreant activities, vandalism, thefts and also assist in investigation of the incidents. Accordingly, Zonal Railways and Production Units have initiated action for procurement and installation of CCTV cameras in coaches and locomotives.

Till date, approximately 12,300 coaches (including all operational rakes of Vande Bharat & Amrit Bharat trains) & 460 locomotives, plying over IR's network, are equipped with CCTV cameras.
