

**GOVERNMENT OF INDIA  
MINISTRY OF AYUSH**

**RAJYA SABHA  
UNSTARRED QUESTION NO. 1921  
TO BE ANSWERED ON 10.03.2026**

**Uniform guidelines for integration of Ayush with modern medicine**

1921 Smt. Geeta alias Chandraprabha:

Will the Minister of *Ayush* be pleased to state:

- (a) whether Government has issued any clear and enforceable guidelines that define the scope of practice, referral procedures and clinical responsibilities of Ayush practitioners working in integrated or co-located healthcare facilities;
- (b) the details of the implementation of guidelines across all States and Union Territories; and
- (c) the steps being taken by Government to ensure consistent compliance with these guidelines to improve coordination between Ayush and modern medical systems and safeguard patient care standards?

**ANSWER**

**THE MINISTER OF STATE (IC) OF THE MINISTRY OF AYUSH  
(SHRI PRATAPRAO JADHAV)**

(a) to (c) Mainstreaming of Ayush is one of the core strategies under National Health Mission (NHM) which seeks to provide accessible, affordable and quality health care to the population.

To promote traditional systems of medicine and wellness in the country, Government of India has adopted an integrated strategy of Co-location of Ayush facilities at Primary Health Centres (PHCs), Community Health Centres (CHCs) and District Hospitals (DHs), thus enabling the choice to the patients for different systems of medicines under a single window. As on 30.09.2025, NHM supports co-location of Ayush services in health facilities such as PHCs (6,302), CHCs (3,191), DHs (475) and other health facilities (3,281) by allocating Ayush services in 13,249 health facilities. Also, a total of 24,183 Ayush doctors, 2,265 Ayush paramedics and 3,404 Ayush Pharmacists have been deployed in the States/UTs with NHM funding support.

Further, Ministry of Ayush is adopting a rational approach along with multiple initiatives, for the promotion and institutional expansion of each Ayush system of medicine

according to its respective strengths, with a view to facilitating their integration with modern medicine. Some of the major initiatives are as follows:

- i. The Ayush Vertical under Directorate General of Health Services (DGHS), established by the Ministry of Ayush and Ministry of Health and Family Welfare (MoH&FW), serves as a dedicated institutional mechanism for planning, monitoring, and supervising Ayush-specific public health programs. This vertical provides technical support to both Ministries in developing strategies for public health, healthcare, Ayush education, and training.
- ii. Ministry of Ayush and MoH&FW have jointly established Integrated Ayush Departments in Central Government Hospitals to promote integrative healthcare. As part of this initiative, the Department of Integrative Medicine has been set up and is operational at Vardhman Mahavir Medical College & Safdarjung Hospital and Lady Hardinge Medical College, New Delhi.
- iii. National Commission for Indian System of Medicine (NCISM) has developed the Ayush Module - Internship Electives for MBBS for Ayurveda, Unani and Siddha system of medicine. As per regulation 10 (7) of National Commission for Indian System of Medicine (Minimum Standards of Undergraduate Ayurveda Education) Regulations-2022, the proportion of modern advances in Syllabus for Ayurveda teaching content shall be up to 40 per cent. Homoeopathy Education Board under National Commission for Homeopathy (NCH) has taken various new initiatives like early clinical exposure, introduction of electives, faculty development program, foundation program, finishing program at end of internship, inclusion of new subjects like pharmacology and psychology to sensitize the students about different systems of medicine.
- iv. Details of initiatives taken by the Research Councils and National Institutes under the Ministry of Ayush for integration of Ayush with contemporary medical system are given as **Annexure**.

\*\*\*\*\*

**Details of initiatives taken by the Ministry of Ayush through its Research councils and National Institutes**

Sl. No	Research councils / National Institutes	Details of initiatives Institute
1.	Central Council for Research in Ayurvedic Sciences (CCRAS)	CCRAS has undertaken research studies such as Operational study to explore the feasibility of integrating Ayurveda with modern system of medicine in a tertiary care hospital (Safdarjung Hospital New Delhi) for the management of Osteoarthritis (Knee), feasibility of introducing the Indian System of Medicine. (Ayurveda) in the National Reproductive and Child Health services at the Primary Health Care (PHC) level in Himachal Pradesh and Integration of Ayush systems in the National Programme for Prevention and Control of Cancer, Diabetes, Cardiovascular Diseases & Stroke (NPCDCS) and Feasibility of introducing Ayurveda Intervention in Reproductive and Child Health (RCH) in PHCs of the Selected district (Gadchiroli) of Maharashtra (Effectiveness of Ayurvedic intervention for Ante-Natal care (Garbhini Paricharya) at Primary Health Care level A Multi Centre Operational Study). Further, Indian Council of Medical Research (ICMR) and CCRAS has taken and initiative to set up Ayush-ICMR Advanced Centre for Integrative Health Research (AI-ACIHR), at AIIMS to conduct research on identified areas focusing on integrative healthcare under Extra Mural research Scheme of ICMR.
2.	Central Council for Research in Unani Medicine (CCRUM)	CCRUM has established four re-location centers at Dr. RML Hospital, Dr. DDU Hospital, Safdarjung Hospital, New Delhi and J.J. Hospital at Mumbai. Collaborative projects with modern academic/ research Institutions have also been under taken by the Council to integrate and promote Unani Medicine.
