- (a) the details of Regional Cancer Centres (RCC) that have been set up across the Country including the State of Telangana;
- (b) whether Radiotherapy services is available in all the RCCs across the country including the State of Telangana;
- (c) if so, the details thereof; and
- (d) if not, the reasons therefor?

**ANSWER
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND
FAMILY WELFARE
(SHRI PRATAPRAO JADHAV)**

(a) Regional Cancer Centres (RCCs) were earlier supported under the erstwhile National Cancer Control Programme (NCCP). However, the scheme is no longer operational. At present, The Department of Health and Family Welfare is implementing 'Strengthening of Tertiary Care Cancer Facilities' Scheme under the National Programme for Prevention and Control of Non-Communicable Diseases. Under the Scheme, support is provided to States and Union Territories for setting up of State Cancer Institutes (SCIs) and Tertiary Care Cancer Centres (TCCCs) in Government Medical College/Hospital or erstwhile Regional Cancer Centre. Till date 39 institutions (19 SCI and 20 TCCC), including MNJ Institute of Oncology & RCC, Hyderabad as a State Cancer Institute in Telangana have been approved across the country. The details of these institutes are given at **Annexure-I**.

(b) to (d) Radiotherapy services are available in 34 institutions supported under the scheme including MNJ Institute of Oncology & RCC, Hyderabad. The details are provided at **Annexure-I**.
