ANSWER

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS
(SHRI KIRTI VARDHAN SINGH)

(a to e) The eMigrate portal, which facilitates emigration process of Indian nationals holding Emigration Check Required (ECR) passports seeking employment in any of the notified ECR countries, makes the emigration process fully digital, transparent, safe and humane. It seamlessly brings all stakeholders, including Foreign Employers (FEs), registered Recruiting Agents (RAs) and the prospective emigrants on a common platform and also enables capturing a comprehensive database. A dedicated helpline and support system is also available to assist

emigrants and other stakeholders to address any query/issue. The advisories/alerts on fake job offers and fraudulent/illegal recruitment agencies are also hosted on the portal.

Common Service Centres (CSCs), which are operated by Village Level Entrepreneurs (VLEs), serve as access points for delivery of Government-to-Citizen (G2C) e-services at the grassroots level. The integration of CSC with e-Migrate allows the CSC to register job aspirants, specifically from rural and remote areas, on e-Migrate, submit their application for Emigration Clearance (EC) for employment in ECR countries, tracking their EC application, purchase of Pravasi Bharatiya Bima Yojana (PBBY) policy, submission of grievances and their redressal. The integration also allows multi-lingual access and 24x7 helpline for Indian workers.

Digilocker is integrated with e-Migrate portal. The portal is also integrated with SBI ePay and PayU gateways, for online payment towards services available on e-Migrate.

Ministry maintains data in respect of Indian workers, holding Emigration Check Required (ECR) passports, proceeding for employment to any of the notified ECR countries, through e-Migrate portal. The total number of workers who have been issued Emigration Clearance (EC) through e-Migrate portal for employment abroad during the last three years is given below:
