Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state:

- (a) whether Government has conducted any recent assessment of domestic crude oil and natural gas production in the country, if so, the details thereof, particularly in the context of India's growing dependence on energy imports;
- (b) if so, the details thereof, including the production levels of crude oil and natural gas, during the last three years;
- (c) whether Government has taken any steps to ensure a steady import of oil from foreign countries amidst rising war tensions in the west; and
- (d) if so, the details thereof?

ANSWER

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND NATURAL GAS
(SHRI SURESH GOPI)

(a) & (b) Government continuously monitors and assesses crude oil and natural gas production in the country. The quantity of crude oil & gas produced during the last three years is given below:

	2022-23	2023-24	2024-25
Crude Oil Production (MMT)	29.18	29.36	28.71
Gross Production(BCM)	34.45	36.43	36.13

MMT: Million Metric Tonnes, BCM: Billion Cubic Metres.

(c) & (d) To ensure security of crude supplies and to mitigate the risk of dependence on crude oil from single region, Oil and Gas Public Sector Enterprises (PSEs) which are Board run entities source crude oil from diverse sources depending on their technical and commercial considerations. Currently, these PSEs import crude oil from 41 countries including new suppliers like USA, Nigeria, Angola, Canada, Columbia, Brazil and Mexico in addition to traditional suppliers from the Middle East.
