ANSWER

MINISTER OF STATE FOR MICRO, SMALL AND MEDIUM ENTERPRISES
(SUSHRI SHOBHA KARANDLAJE)

(a) & (b): The Micro and Small Enterprises – Cluster Development Programme (MSE-CDP) is a demand-driven scheme under which financial assistance is provided for establishment of Common Facility Centres (CFCs) based on the requirements of the cluster. The facilities created may include testing laboratories, training centres, common production and processing facilities, design centres, tool rooms, quality control facilities and other common infrastructure to enhance the competitiveness of Micro and Small Enterprises.

Under the Micro and Small Enterprises – Cluster Development Programme (MSE-CDP), a total of 612 projects comprising 246 Common Facility Centre (CFC) projects and 366 Infrastructure Development (ID) projects have been approved up to May, 2026. Out of the approved CFC projects, 123 projects have been completed and 123 projects are under implementation including projects in the State of Assam. The State-wise and district-wise details of approved CFC and ID projects, including those in Assam, are placed at **Annexure**.

(c) & (d): The MSE-CDP facilitates creation of common facilities and infrastructure which enhances the production capability, quality standards, productivity and competitiveness of enterprises, thereby facilitating their participation in domestic and global value chains based on market dynamics.

(e): As per the Evaluation Study conducted by the National Productivity Council (NPC), the MSE-CDP has contributed to improvement in productivity, quality, technology adoption and competitiveness of Micro and Small Enterprises through creation of common facilities and infrastructure. The Scheme has also facilitated value addition, employment generation and enhanced market access for beneficiary enterprises. The impact varies across clusters depending upon the nature of the project and utilization of the facilities created.

Annexure referred to in reply of part (a)&(b) of Rajya Sabha Unstarred Question No. 108 for answer on 20.07.2026:
