

GOVERNMENT OF INDIA
MINISTRY OF PETROLEUM AND NATURAL GAS
RAJYA SABHA
UNSTARRED QUESTION NO - 133
ANSWERED ON - 20/07/2026

ENERGY SECURITY AND NATIONAL PNG DRIVE 2.0

133 SHRI SANA SATHISH BABU:

Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state:

- (a) whether, in view of ongoing global oil and gas supply risks and Iran-related disruptions, Government proposes prioritising and accelerating Piped Natural Gas (PNG) expansion in coastal industrial zones like Andhra Pradesh, specially Kakinada, to secure uninterrupted domestic and commercial energy supplies;
- (b) the specific steps being executed under the National PNG Drive 2.0 to aggressively drive the adoption of PNG connections among urban households and small commercial establishments; and
- (c) the year-wise, State-wise and district-wise breakdown of households successfully covered under PNG connections so far under the Drive 2.0 framework?

ANSWER

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND NATURAL GAS
(SHRI SURESH GOPI)

(a) to (c) Providing Piped Natural Gas (PNG) connections is part of the development of City Gas Distribution (CGD) Network, which inter alia include creation of pipeline infrastructure and other facilities for the supply of PNG to domestic, commercial and industrial units. This is being carried out by entities authorized by Petroleum and Natural Gas Regulatory Board (PNGRB).

In the state of Andhra Pradesh, PNGRB has authorised 10 Geographical Areas (GAs) for development of CGD Network. As on 31.05.2026, the CGD entities have provided 2,98,111 PNG Domestic (D) connections, 777 PNG Commercial connections and 89 PNG Industrial connections in the state of Andhra Pradesh.

Kakinada GA has been authorized by PNGRB to Bhagyanagar Gas Limited (BGL) for the development of CGD network in June, 2009. The expansion and roll out of CGD network is a continuous process. As on 31.05.2026, BGL has provided 69,023 PNG (D) connections, 235 PNG Commercial connections and 5 PNG Industrial connections in the Kakinada GA.

PNGRB, in collaboration with CGD entities, launched the National PNG Drive 2.0 from 1st January 2026 to 30th June 2026. PNGRB has informed that the initiative aims to ensure optimal utilization of existing infrastructure, promote new connections and activate non-billed customers, with an overall objective to increase the usage of natural gas across the diverse user categories. Under the initiative, various measures are being implemented by the Government and authorized CGD entities, including:

- i. expansion of PNG connectivity to households, commercial establishments and industries;
- ii. conversion of connected households into active billed consumers;
- iii. awareness campaigns and consumer outreach programmes;
- iv. coordination with State Governments and local authorities for expeditious statutory permissions; and
- v. implementation of consumer-friendly measures, including digital registration, simplified connection processes and promotional schemes offered by CGD entities.

Further, the Government has notified a comprehensive control order dated 24.03.2026 under the Essential Commodities Act, 1955 to facilitate time-bound expansion of pipeline infrastructure across the country, especially CGD. The Order provides a uniform framework for grant of right of way (RoW) and permissions by mandating strict timelines, enabling deemed approvals in case of delays, and prohibiting imposition of unauthorized charges by public authorities. It also addresses access issues in residential and private areas by ensuring non-discriminatory and time-bound permissions, thereby removing key bottlenecks in pipeline laying.

The state-wise and GA-wise data for household successfully covered under PNG connections from 1 January 2026 to 31 May 2026 has been provided in **Annexure-I** and **Annexure-II** respectively.

ANNEXURE-I
