ANSWERED ON- 31/07/2026

INVESTMENT AND EMPLOYMENT GENERATION UNDER PM MITRA PARKS SCHEME

1594 # SMT. MAYA NAROLIYA:
SHRI SHAMBHU SHARAN PATEL:
SHRI SADANAND MHALU SHET TANAVADE:
SMT. SEEMA DWIVEDI:

Will the Minister of TEXTILES be pleased to state:

(a) the investment and employment generation targets set for PM Mega Integrated Textile Region and Apparel (PM MITRA) Parks;
(b) the details of the infrastructure being developed and the common facilities in each park;
(c) whether any steps have been taken to attract global textile and apparel manufacturers to invest in these parks; and
(d) if so, the details thereof?

ANSWER

THE MINISTER OF STATE FOR TEXTILES
(SHRI PABITRA MARGHERITA)

(a): The Government has approved the establishment of seven PM Mega Integrated Textile Region and Apparel (PM MITRA) Parks at Virudhnagar in Tamil Nadu, Warangal in Telangana, Navsari in Gujarat, Kalaburagi in Karnataka, Dhar in Madhya Pradesh, Lucknow in Uttar Pradesh and Amravati in Maharashtra, with a total scheme outlay of ₹4,445 crore up to 2027–28. Each park is envisaged to attract an investment of approximately ₹10,000 crore and generate about three lakh employment opportunities, comprising one lakh direct and two lakh indirect jobs. Overall, the Scheme aims to attract nearly ₹70,000 crore of investment and generate around 20 lakh direct and indirect employment opportunities.

(b): The parks are being developed as integrated textile manufacturing hubs covering the entire value chain, including spinning, weaving, processing, dyeing and printing, garment manufacturing, accessories and technical textiles. The common infrastructure includes developed factory sites, plug-and-play facilities, internal roads, power distribution, assured water supply, wastewater treatment systems, Common Effluent Treatment Plants, common processing facilities, warehouses, logistics facilities, incubation centres, training and skill-development facilities, workers' hostels and housing, and health and other social infrastructure.

(c) & (d): To attract global textile and apparel manufacturers, there is a provision of Development Capital Support (DCS) @30% of the project cost with a maximum support of ₹500 Crore and ₹200 Crore per park for Greenfield and Brownfield PM MITRA respectively from the Government of India. DCS is a support for creation of Core Infrastructure. Also, for incentivizing manufacturing units to get setup early in PM MITRA, there is a provision of Competitive Incentive Support (CIS) amounting to ₹300 Crore per park, wherein the incentive can be provided to manufacturing units up to 3% of the total sales turnover on first come first serve basis.

In addition, more than 200 consultations have been conducted with States, investors, textile associations, potential developers and other stakeholders at international, national and local levels. Investor outreach, State-level investment promotion, roadshows and engagement through national and international textile platforms are being undertaken. As per the latest available information, investment interest of more than approximately ₹69,000 crore has been received across the seven parks.
