ANSWER

THE MINISTER OF STATE (IC) OF THE MINISTRY OF AYUSH

(SHRI PRATAPRAO JADHAV)

(a) to (c) Government of India has adopted a strategy of Co-location of Ayush facilities at Primary Health Centres (PHCs), Community Health Centres (CHCs) and District Hospitals (DHs), thus enabling choice to the patients for different systems of medicines under single window. The engagement of Ayush Doctors/paramedics and their training is supported by Ministry of Health & Family Welfare (MoHFW) under National Health Mission (NHM), while the support for Ayush infrastructure, equipment /furniture and medicines is provided by Ministry of Ayush under National Ayush Mission (NAM) as shared responsibilities.

Mainstreaming of Ayush has been taken up in 13,815 Ayush facilities co-located under NHM (6,302 PHCs, 3,191 CHCs, 475 DHs, 3281 other health facilities) as an initiative towards strengthening evidence-based integration of Ayush System and to scale up Ayush services across the country for providing health care services to the community. Details of number of hospitals where Ayush services are co-located, State/UT-wise is furnished at **Annexure.**

Public health being a State subject, the primary responsibility for expansion of co-located facilities, particularly in underserved areas lies with the respective State/UT Governments. Accordingly, State/UT Government may avail financial assistance by submitting suitable proposals through State Annual Action Plans (SAAPs) as per National Ayush Mission (NAM) guidelines.

(d) Under NAM, a total central share of Rs. 274003.46 lakhs was allocated/released for different activities including integration activities and as reported by State/UT Governments Rs. 264995.63 Lakhs has been utilized during the last three years.
