

GOVERNMENT OF INDIA
DEPARTMENT OF SPACE

RAJYA SABHA

UNSTARRED QUESTION NO. 2212

TO BE ANSWERED ON THURSDAY, AUGUST 06, 2026

INDIGENISATION OF SPACE TECHNOLOGIES

2212. SHRI SANJAY KUMAR JHA:

Will the PRIME MINISTER be pleased to state:

- (a) whether Government, in view of the progress achieved under the Gaganyaan programme, has identified technologies developed for India's human spaceflight mission that have potential applications in civilian and strategic sectors;
- (b) if so, the details of such technologies and the framework, if any, for facilitating their transfer and adoption by industry, academia, startups and MSMEs;
- (c) the details of measures being undertaken to promote their commercialization and strengthen their indigenisation; and
- (d) the details of capabilities developed in advanced manufacturing and other high-technology sectors?

ANSWER

**MINISTER OF STATE IN THE MINISTRY OF PERSONNEL, PUBLIC
GRIEVANCES & PENSIONS AND IN THE PRIME MINISTER'S OFFICE
(DR. JITENDRA SINGH):**

(a) & (b)

Technologies required for human space programme have been identified. These are currently under development for the human space missions. Subsequent to successful completion, technologies that might have potential applications in civilian and strategic sectors will be identified and offered to industry, academia, start-ups and MSMEs.

(c) & (d)

Not applicable
