ANSWER

**THE MINISTER OF STATE IN THE MINISTRY OF HOUSING AND URBAN AFFAIRS
(SHRI TOKHAN SAHU)**

(a): Yes. Ministry of Housing and Urban Affairs has launched the Dumpsite Remediation Acceleration Programme (DRAP) in November, 2025 to bring accelerated efforts to the ongoing legacy waste remediation under SBM-U 2.0.

(b): DRAP has prioritized 211 high-impact dumpsites, which together account for 80% of the remaining legacy waste and each contain more than 45,000 metric tonnes (MT) of legacy waste. A total of 211 dumpsites has been taken up and Rs. 301.88 crore have been approved as the Central share under DRAP. The details of the dumpsites under DRAP are at Annexure.

(c): As per Solid Waste Management Rules, 2026, the concerned State Government or land owing agency may consider using the vacant land of dumpsite after clearing waste or legacy waste, for the establishment of solid waste management infrastructure, subject to applicable regulation. The same has been conveyed to the State Government for taking necessary action.

(d): No such specific assessment has been undertaken.

(e): No. DRAP already covers substantial amount of legacy waste.
