- (a) the progress made under Pradhan Mantri Kisan SAMPADA Yojana in creating modern food processing infrastructure and value addition facilities in all States including Maharashtra;
- (b) the number of projects sanctioned, completed, and the employment generated through the scheme district-wise including Maharashtra;
- (c) the steps taken to reduce post-harvest losses, promote farmer producer organisations, and enhance farmer income especially in the Khandesh and Marthwada region of Maharashtra; and
- (d) the overall impact on food processing capacity, exports and growth of the sector?

ANSWER

THE MINISTER OF STATE FOR FOOD PROCESSING INDUSTRIES
(SHRI RAVNEET SINGH)

(a): The Ministry of Food Processing Industries (MoFPI) is implementing a Central Sector Umbrella scheme “Pradhan Mantri Kisan SAMPADA Yojana (PMKSY)”. The details of the progress of PMKSY scheme in all States including Maharashtra are at **Annexure-I**.

(b): As on 30.06.2026, 1735 projects have been approved under various component schemes of PMKSY, of which 1256 projects have been completed, creating 9.16 lakh employment opportunities across the country. Of these, 260 projects have been approved in Maharashtra, of

which 192 projects have been completed, creating 1.77 lakh employment opportunities. The district-wise details for Maharashtra are given at **Annexure-II**.

(c) and (d): The component schemes under PMKSY provide financial assistance in the form of grants-in-aid/subsidy for creation of modern food processing and preservation infrastructure all over the country, including Khandesh and Marathwada region of Maharashtra, with the objective of reducing post-harvest losses and enhancing value addition. The creation of food processing infrastructure enhances demand for agricultural produce, leading to better price realization and improved income for farmers. PMKSY is a demand driven scheme and applications are invited from all eligible applicants, including Farmers Producing Organisation (FPOs) through Expression of Interest (EoI). To strengthen farmer-producer linkages, PMKSY provides enhanced financial assistance to FPOs along with relaxed eligibility conditions such as lower equity contribution, lower minimum bank loan requirement and a reduced net-worth requirement compared to the general category applicants.

As on 30.06.2026, 1256 projects are operational under PMKSY, benefiting about 37.76 lakh farmers and creating 294.21 LMT per annum of processing and preservation capacity, thereby strengthening the food processing ecosystem, promoting value addition, and contributing to the overall exports of food products and growth of the food processing sector.
