Coordination with State Government:

In order to strengthen coordination for expeditious implementation of railway connectivity projects across state, monitoring progress of such projects & facilitating coordinated resolution of implementation issues, a task force has been constituted under chairmanship of Chief Secretary, West Bengal by Govt of West Bengal.

Chingrighata Matter:

Further, temporary diversion of traffic at Chingrighata crossing for launching of viaduct segments for construction of Kolkata Metro was permitted by state government in May-26 after almost 1.5 years since the request made. The work of Chingrighata crossing has finally been completed in May-26.

Completion of Railway projects/s depends on various factors which include the following:

- Land acquisition by State Government
- Forest clearance
- Shifting of infringing utilities
- Statutory clearances from various authorities
- Geological and topographical conditions of area
- Law and order situation in the area of project site
- Number of working months in a year for particular project site etc.

All these factors affect the completion time and cost of the project/s.
