ANSWER

Minister of State in the Ministry of CIVIL AVIATION (Shri Murlidhar Mohol)

(a) to (d): Security functions at airports are assigned in accordance with the Aviation Security Rules, 2023. These functions are performed by the Aviation Security Group (ASG), comprising of CISF and State Police. At CISF-manned airports, non-core security functions are carried out by Private Security Agencies (PSAs) under the overall supervision of CISF. The list of PSAs engaged at AAI airports is attached as Annexure. Airport Operators engage agencies for passenger facilitation, help desk operations and queue management, in accordance with applicable regulations and concession requirements.

The Bureau of Civil Aviation Security (BCAS), the national aviation security regulator, regularly conducts security audits, inspections and tests to assess the performance, accountability and training of security personnel deployed at airports and ensures corrective action wherever required.

The performance of agencies engaged by Airport Operators is monitored by the respective Airport Operators in accordance with the applicable service-level agreements through regular performance assessments to ensure accountability, passenger safety and efficient airport operations.

No instance of mismanagement, negligence or violation of prescribed procedures has come to the notice of the Government.
