993 **Shri Mallikarjun Kharge:**

Will the Minister of ***Chemicals and Fertilizers*** be pleased to state:

- (b) the corresponding domestic production, imports and total availability of these fertilizers during the same period, year-wise;
- (c) the number of States/UTs that reported shortages of any fertilizer during the last five years, along with the quantity of additional stocks reallocated to them; and
- (d) the steps taken by Government to ensure timely supply and distribution, including measures for advance stock positioning, import scheduling and real-time monitoring?

ANSWER

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS & FERTILIZERS

(SMT. ANUPRIYA PATEL)

(a) to (d) Following steps are taken by the Government every season for ensuring timely and adequate availability of fertilizers in the country:

- I. Before the commencement of each cropping season, Department of Agriculture and Farmers Welfare (DA&FW), in consultation with all the State Governments, assesses the State-wise & month-wise requirement of fertilizers. On the basis of requirement projected by DA&FW, Department of Fertilizers (DoF) allocates adequate quantities of fertilizers to States by issuing monthly supply plan and continuously monitors the availability.
- II. The movement of all major subsidized fertilizers is monitored throughout the country by an on-line web-based monitoring system called integrated Fertilizer Management System (iFMS).

- III. The gap between demand (requirement) and production for Urea & other fertilizer is met through imports. The import for the season is also finalized well in advance to ensure timely availability.
- IV. The State Governments are regularly advised to coordinate with manufacturers and importers for streamlining the supplies through timely placement of indents.
- V. Regularly coordinate with the Ministry of Railways for giving sufficient rakes, priority to fertilizers and for timely evacuation of rakes for States.
- VI. The distribution of fertilizers within the State at district level is done by the concerned State government.

Accordingly, the availability of fertilizers has remained adequate across the States during cropping seasons of the last five years. The State-wise information regarding requirement, availability and sales of fertilizers during the said seasons is placed at **Annexure.**
