A N S W E R

**THE MINISTER OF STATE (INDEPENDENT CHARGE) FOR POWER,
COAL, NEW & RENEWABLE ENERGY AND MINES**

(SHRI PIYUSH GOYAL)

(a) & (b) : Under 6th proviso of Section 14 of the Electricity Act, 2003, the Appropriate Commission may grant a licence to two or more persons for distribution of electricity through their own distribution system within the same area subject to certain conditions. The Appropriate Commission also regulates activities of the distribution licensee, including tariff determination for retail consumers. As per available information, presently multiple licensees are operating in Mumbai, Maharashtra.

(c) & (d) : To discourage monopoly of a single company and to provide fair competition and for giving choice to consumers through competition in the retail sale of supply, the Electricity (Amendment), Bill 2014 introduced in the Lok Sabha on 19th December, 2014 provides multiple supply licensees in a specified area whereas the distribution system shall be with the distribution licensee of that area.

Further, to protect the interest of consumers, the tariff for retail sale of electricity is proposed to be capped through the Regulator and one of the supply licensees is proposed to be a Government controlled company.
