ANSWER

वाणिज्य एवं उद्योग राज्यमंत्री (स्वतंत्र प्रभार)(श्रीमती निर्मला सीतारमण)

**THE MINISTER OF STATE (INDEPENDENT CHARGE)
OF THE MINISTRY OF COMMERCE & INDUSTRY
(SHRIMATI NIRMALA SITHARAMAN)**

- (a):** The sector wise information on Foreign Direct Investment (FDI) is available only for FDI equity inflows and is given at **Annexure**.

- (b):** No data regarding FDI received by other countries is maintained by the Government. However, certain international bodies/ agencies have published such comparison. As per the UNCTAD World Investment Report (WIR) 2016, India has been reported among the top 10 host economies. The said report has ranked India at 10th position in comparison to China which has been placed at 3rd position. As per FDI intelligence Report, 2016, a report on global greenfield investment, in 2015, greenfield FDI into India is estimated at US\$63 bn compared to United States US\$59.6 bn and China at US\$ 56.6 bn. FDI inflows depend on a host of factors such as FDI policy, availability of natural resource, market size, infrastructure, political and general investment climate as well as macro-economic stability and investment decision of foreign investors.
- (c):** No such assessment has been made by the Government.
- (d):** The Government reviews FDI policy on an ongoing basis and significant changes are made in the FDI policy on different sectors, from time to time, to ensure that India remains increasingly attractive and investor-friendly investment destination. With a view to liberalise and simplify the FDI policy, so as to provide ease of doing business in the country leading to larger FDI inflows, the Government vide Press Note 5 (2016) dated 24.6.2016, brought in FDI related reforms and liberalisation in a number of major sectors of the economy.
