(c) & (d) Inflow of NR(E)RA deposits have been fluctuating over the months. There has been a fall in the flows under NR(E)RA deposits from US\$ 2200 million in April 2015 to US\$ 1000 million in May 2015, but it increased in the next four months. Since then there has been intermittent fluctuation in the flow of NR(E)RA deposits. On cumulative basis, there has been an increase in NR(E)RA deposits from US \$ 62.7 billion in 2014-15 to US \$ 71.5 billion in 2015-16. At end-June 2016, NR(E)RA deposits stood at US \$ 71.2 billion. The Government is closely monitoring the situation and taking appropriate measures as and when required.
