**ANSWER**

**MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS  
(SHRI KIREN RIJJU)**

- (a) to (e): Various parts of the country have been affected by natural**

**calamities including heavy rains and floods in the recent past. The details of the losses due to natural calamities during the last one year and current year, as reported by the State Governments/ Union Territories, are at Annexure-I.**

**The primary responsibility for disaster management rests with the State Government. The concerned State Governments undertake relief activities according to the magnitude of the ground situation, in the wake of natural disasters from the State Disaster Response Fund (SDRF) already placed at their disposal in accordance with Government of India approved items and norms. When the available resources under the SDRF are inadequate, additional assistance is extended from the National Disaster Response Fund (NDRF) by following the laid down procedure, which includes an assessment based on the visit of an Inter-Ministerial Central Team.**

**The financial assistance is towards relief and not for compensation of loss as suffered/ claimed. Additional expenditure, if any, incurred over and above or on other than approved items/ norms, is required to be met by the States from their own resources. This Ministry does not centrally maintain the relief/ compensation provided to the farmers, since execution of relief/ compensation activities on the ground is responsibility of State concerned.**

**The State-wise details of the memoranda submitted to this Ministry seeking financial assistance from NDRF during the current year are given at Annexure-II.**

**Based on the monsoon forecast and flood vulnerability profile of different regions of the country, 34 specialist teams of National Disaster Response Force (NDRF) alongwith necessary equipment were prepositioned in different flood prone areas of the country before commencement of monsoon and 23 additional Teams were deployed on the request of the State Governments on need basis. In addition, NDRF teams also assist the State administration in distribution of essential relief material and provide medical support to affected people at the time of emergency.**

**The State-wise details of deployment of NDRF Team for rescue and relief operations alongwith number of people rescued/ evacuated during 2016, are at Annexure-III.**
