**ANSWER**

**MINISTER OF STATE (IC) FOR LABOUR AND EMPLOYMENT  
(SHRI BANDARU DATTATREYA)**

**(a) & (b): Reforms in labour laws are an ongoing process to update legislative system to address the need of the hour including labour market and to make them more effective and contemporary to the emerging economic and industrial scenario. The process of Legislative reforms includes consultation with stakeholders including Central Trade Unions, Employers' Association and State Governments in the form of tripartite consultation.**

**(c) to (f): As per the survey carried out by the NSSO in 2011-12, the percentage distribution of workers in formal and informal sector in industry was about 7.6% and 92.4% respectively. However, corresponding estimates of manufacturing output are not available. Rationalization of labour laws and reducing the complexity of compliance will lead to better and effective enforcement of labour laws, thus enhancing job security, wage security and social security and improving the conditions of informal sector workers.**
