THE MINISTER OF STATE FOR WATER RESOURCES, RIVER DEVELOPMENT & GANGA REJUVENATION

(DR. SANJEEV KUMAR BALYAN)

(a) to (d) Central Water Commission (CWC) carries out Post Project Performance Evaluation Studies and Water Use Efficiency Studies of completed major / medium irrigation projects to identify deficiencies and recommend measures for improving the performance of the projects to achieve envisaged objectives and targeted benefits. The scope of the studies, inter-alia, includes evaluation of system performance, agro-economic, socio-economic and economic analysis of the project. The projects which have completed at least 5 years of operation are selected for the study based on gap between Irrigation Potential Created & Utilization as well as the potential for drought proofing. CWC has completed Performance Evaluation Studies of 131 projects as listed at Annexure-1. Post Projects Performance Evaluation Studies of 6 projects are at various stages of study and the details are at Annexure-2. In addition, Water Use Efficiency Studies have been completed for 35 projects(Annexure-3).
