## **STATEMENT**

**STATEMENT REFERRED TO IN REPLY TO PARTS (a) TO (d) OF LOK SABHA STARRED QUESTION NO. 110 FOR ANSWER ON 09.02.2017 ASKED BY SHRIMATI RAMA DEVI AND SHRI LAXMI NARAYAN YADAV REGARDING EARNINGS FROM TOLL PLAZAS**

---

(a) Yes, Madam. The rates of User Fee are determined in accordance with the National Highways Fee (Determination of Rates and Collection) Rules, 2008, as amended, and the applicable provisions of the Concession Agreements. In case of Built, operate and Transfer[BOT] (Toll) & Operation, Maintenance and Transfer [OMT] projects the concessionaire collects the User Fee and shares the data of collection with the executive authority. In the case of Public Funded/Annuity Projects, the contract for collection of User Fee is awarded to highest bidder based on e-tender.

For accuracy of data collection, as per the latest provisions of Concession Agreements, the Concessionaire installs an appropriate mechanism to ensure that a real time data of traffic count and corresponding revenue collection is shared. Real time data of toll transactions is collected wherever required from the Concessionaire as per prescribed Electronic Data Interchange (EDI) protocol documents.

Further, on case to case basis, National Highways Authority of India (NHAI) also undertakes third party audit of data received on its central server.

(b) The details are at '**Annexure-A**'.

(c) Trend of resources during last three years and current year is at '**Annexure-B**'.

(d) The details of the amount earmarked/allocated/spent on the construction of the National Highways are at '**Annexure-C**'.
