

**GOVERNMENT OF INDIA  
MINISTRY OF CIVIL AVIATION  
LOK SABHA  
UNSTARRED QUESTION NO. : 1465  
(To be answered on the 9<sup>th</sup> March 2017)**

**REVIVAL OF AVIATION SECTOR**

**1465. SHRI C.S. PUTTA RAJU**

**Will the Minister of CIVIL AVIATION**

**नागर विमानन मंत्री**

**be pleased to state:-**

- (a) whether airlines in the country are suffering losses;**
- (b) if so, the details of profit/loss made by various airlines during the last three years and the current year, airline/yearwise;**
- (c) whether Government has worked out certain action plan to revive this sector, if so, the details thereof; and**
- (d) the steps taken by the Government in this regard?**

**ANSWER**

**Minister of State in the Ministry of CIVIL AVIATION**

**नागर विमानन मंत्रालय में राज्य मंत्री**

**(Shri Jayant Sinha)**

---

**(a) & (b): Details of financial performance (operating revenue, operating expenses & operating result) of scheduled Indian Carriers for the years 2012-13, 2013-14, 2014-15 and 2015-16 is Annexed at Annexure-I (as given by concerned airlines).**

**(c) & (d): The Government with a view to promote the growth of Indian Aviation sector in a significant manner has released the National Civil Aviation Policy (NCAP) 2016 on 15.06.2016. The aim of the Government is to provide an ecosystem for the harmonised growth of various aviation subsectors, i.e Airlines, Airports, Cargo, Maintenance Repairs and Overhaul services (MRO), General Aviation, Aerospace Manufacturing, Skill Development, etc. The broad key features of the NCAP are as under:**

- i) Viability Gap Funding (VGF) for operation under Regional Connectivity Scheme (RCS).**
- ii) Revival of un-served or under-served routes under RCS.**
- iii) Introduction of a new Category 'Schedule Commuter Operator' under Commercial Air Transport Operations.**
- iv) Rationalization of Category-I routes under Route Dispersal Guidelines (RDGs) on the basis of criteria given in NCAP 2016.**

- v) The requirement of 5 years and 20 aircrafts for international operation has been modified to 0 years and 20 aircrafts or 20% of the total capacity (in terms of average number of seats on all departure put together) whichever is higher for domestic operations.
- vi) Liberalization of domestic code share points in India within the framework of Air Service Agreements (ASA).

With a view to aid in modernization of the existing airports to establish a high standard and help ease the pressure on the existing airports, 100% Foreign Direct Investment (FDI) under automatic route has now been allowed in Brownfield Airport projects. This move would also serve in further developing the domestic aviation infrastructure. Further, FDI limit for Scheduled Air Transport Service/ Domestic Scheduled Passenger Airline and regional Air Transport Service has been raised from 49% to 100%, with FDI up to 49% permitted under automatic route and FDI beyond 49% through Government approval. For Non-Resident Indians (NRI's), 100% FDI will continue to be allowed under automatic route. However, foreign airlines would continue to be allowed to invest in capital of Indian companies operating scheduled and non-scheduled air transport services up to the limit of 49% of their paid up capital and subject to the laid down conditions in the existing policy. Increasing the FDI limit for these aviation services shall not only encourage competition by lowering prices but shall also accord choice to consumers.
