

GOVERNMENT OF INDIA  
MINISTRY OF FINANCE  
DEPARTMENT OF ECONOMIC AFFAIRS  
**LOK SABHA**  
**UNSTARRED QUESTION NO. 3865**

TO BE ANSWERED ON 24<sup>th</sup> MARCH, 2017/ CHAITRA 3, 1939 (SAKA)

**CASHLESS PAYMENT SCHEMES**

**QUESTION**

3865: **SHRIMATI POONAMBEN MAADAM:**

Will the Minister of **FINANCE** be pleased to state:

- (a) whether the Government has introduced various schemes after demonetisation with the objectives of promoting cashless payment;
- (b) if so, the details thereof, schemewise; and
- (c) the extent to which the said schemes have been successful in promoting cashless payments?

**ANSWER**

**MINISTER OF STATE IN THE MINISTRY OF FINANCE**  
**(SHRI ARJUN RAM MEGHWAL)**

(a) to (c ) In order to attract general public and facilitate significant behavioural change among public towards digital transactions two major schemes - Lucky Grahak Yojana for consumers and Digi-Dhan Vyapar Yojana for merchants have been launched. 12,72,290 consumers and 70,000 merchants have won prizes for digital payments made through AEPS, USSD, UPI and RuPay cards as on 22<sup>nd</sup> March 2017.

To incentivize the States/UTs for promotion of digital transactions, it was decided that Central assistance of Rs. 50 crore would be provided to the districts for undertaking Information, Education and Communication (IEC) activities to bring 5 crore Jan Dhan accounts to digital platform. The fund allocation is based on proportion of Jan Dhan accounts of all States/UTs. Under the scheme an incentive @ Rs. 10/- is provided for every individual who has transited to digital payment mode and undertaken at least two successful transactions by any of the five digital payments modes viz: UPI, Rupay / Debit / Credit / Prepaid Cards, AEPS, USSD and E-Wallets. NITI Aayog has so far released an amount of Rs 15.06 crore to 533 Districts as first installment

In addition to above following measures were also taken to promote less cash payment :

- Unified Payment Interface (UPI) based Bharat Interface for Money (BHIM) App which supports remittance transactions both push and collect was launched.
- Approval has been given for introduction of revised architecture of Unified USSD (Unstructured Supplementary Service Data ) platform (\*99#) USSD 2.0 version. This integrates UPI based transactions for USSD users through any type of handset.
- In principal approval has been accorded to National Payments Corporation of India (NPCI) for launch of pilot for the Aadhar Pay Payment mechanism, which will enable the merchant to accept payment from customers using their Aadhar number and biometric data to be authenticated by UIDAI.

- In-principle approval has been given for launching the National Electronic Toll Collection (NETC) system, which uses the Radio-Frequency Identification (RFID) tags for vehicle identification and toll calculation; the toll will be automatically deducted from the prepaid accounts linked with the respective RFID tag.
- In order to facilitate wider acceptance of card payments, the following special measures for debit card transactions (including for payments made to Government), has been introduced for a temporary period between January 1, 2017 and March 31, 2017 ;
  - i. For transactions upto ₹ 1000/-, MDR has been capped at 0.25% of the transaction value.
  - ii. For transactions above ₹ 1000/- and upto ₹ 2000/-, MDR has been capped at 0.5% of the transaction value.
