**ANSWER  
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND

(SHRI FAGGAN SINGH KULASTE)**

(a) to (d): The standards relating to and pertinent food regulations are revised/upgraded from time to time to meet different requirements including those that have emerged in view of the new knowledge from scientific advancements. It has been decided by the Food Safety and Standards Authority of India (FSSAI) to amend the Food Safety and Standards (Packaging and Labelling ) Regulations 2011, inter alia, to have a provision requiring Food Business Operators (FBOs), including restaurants, confectioners, food service vendors, halwais, etc., having FSSAI State/Central license to keep a record of nutritional information for food items served by them which should be made available on demand to the consumer. Such a provision in the Regulations will help in improving the eating habits of consumers and would enable them to make informed choice of the food and, thus, encouraging them for healthy food.
