

GOVERNMENT OF INDIA
MINISTRY OF WATER RESOURCES,
RIVER DEVELOPMENT & GANGA REJUVENATION
LOK SABHA
UNSTARRED QUESTION NO. 5469
ANSWERED ON 06.04.2017

M-G LINK OF MAHANADI RIVER

5469. SHRI BALABHADRA MAJHI

Will the Minister of WATER RESOURCES, RIVER DEVELOPMENT AND GANGA REJUVENATION be pleased to state:

(a) whether planning of M-G link off taking from Mahanadi river has been assessed considering the presently furnished water utilisation of Chhattisgarh which is about 33897 MCM; and

(b) if so, the details thereof?

ANSWER

THE MINISTER OF STATE FOR WATER RESOURCES, RIVER DEVELOPMENT AND GANGA REJUVENATION

(DR. SANJEEV KUMAR BALYAN)

(a) & (b) Mahanadi – Godavari link is a mother link of 9 link system viz., Mahanadi – Godavari – Krishna – Pennar – Palar – Cauvery – Vaigai – Gundar linkage. The State Government of Odisha was not agreeable to the water balance study of Mahanadi basin carried out by National Water Development Agency. Therefore, the revised water balance study of Mahanadi basin has been entrusted to National Institute of Hydrology (NIH), Roorkee. Government of Chhattisgarh through a letter in July, 2016 has communicated water requirements of State of Chhattisgarh for irrigation, domestic and industrial needs which works out as 25699 MCM. The same has been considered in the NIH study.
