STATEMENT REFERRED TO IN REPLY TO PARTS (a) TO (c) OF UNSTARRED QUESTION NO. 984 BY SHRI CHANDRA PRAKASH JOSHI TO BE ANSWERED IN LOK SABHA ON 08.02.2017 REGARDING MODERNISATION UNDER PPP MODE.

(a): Indian Railways has advertized its plan to offer 'A-1' and 'A' category stations on 'as is where is' basis for redevelopment by inviting proposals from developers with their designs and business ideas. The entire cost of station redevelopment is to be met by leveraging commercial development of land and air space in and around the stations.

(b)&(c): Completion of projects depends on many factors such as land acquisition, forestry and wild life clearances, shifting of services etc., apart from availability of funds. Indian Railways have taken various initiatives to increase pace of execution of projects as detailed below:

- **1. Making higher fund allotment for projects.**
- 2. Adopting Detailed Project Report (DPR) based approach for new works resulting into saving of time in starting the work. Earlier, it used to take 2 to 3 years for starting a work after its inclusion in the Pink Book. However, this period has now effectively been brought down to less than a year.
- 3. Delegation of powers to field officers for tenders and estimates. The zonal railways have now been delegated full powers with respect to works contracts and powers with respect to sanctioning of estimates have also been enhanced. This has also resulted in cutting down time for estimate sanctions and tenders.
- 4. Institutional financing by tying up loan with M/s. Life Insurance Corporation of India Ltd. for assured funding of viable projects

resulting in increased Railways' capacity for committed fund provision for essential projects.

5. Initiative for formation of Joint Venture Company with State Governments thus making the States a partner in growth of railway infrastructure in the States.
