

**GOVERNMENT OF INDIA  
MINISTRY OF HEALTH AND FAMILY WELFARE  
DEPARTMENT OF HEALTH AND FAMILY WELFARE**

**LOK SABHA  
UNSTARRED QUESTION NO. 1031  
TO BE ANSWERED ON 21<sup>ST</sup> JULY, 2017**

**DEVELOPMENT OF HEALTH SECTOR**

**1031. SHRI ANSHUL VERMA:**

Will the Minister of **HEALTH AND FAMILY WELFARE** be pleased to state:

- (a) whether new initiative and policies have been formulated by the Government for the comprehensive development of health sector;
- (b) if so, the details thereof;
- (c) the total expenditure incurred on various schemes/programmes during the last two years and the current year, Scheme wise/ State-wise; and
- (d) whether the Government has formulated any comprehensive health scheme or new action plan by including Non-Governmental Organisations and non-profit making organizations in the implementation of health programmes and schemes particularly in the rural areas of the country?

**ANSWER  
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND  
FAMILY WELFARE  
(SMT. ANUPRIYA PATEL)**

(a) & (b): The Government has formulated the National Health Policy, 2017, which aims at attainment of the highest possible level of good health and well-being, through a preventive and promotive health care orientation in all developmental policies, and universal access to good quality health care services without anyone having to face financial hardship as a consequence. The National Health Policy, 2017 is available at <http://mohfw.nic.in/sites/default/files/9147562941489753121.Pdf> The Government has also devised various new initiatives on health sector which is provided in Annexure-I.

(c): A statement showing major Schemewise releases for last two years and current year is provided at Annexure-II to IV.

(d): The National Health Policy 2017 advocates partnership with multi-stakeholders including partnership with not for profit agencies and NGOs. Policy inter-alia supports enabling engagements with NGOs to serve as support and training institutions for ASHAs and to serve as learning laboratories on future roles of community health workers. The Policy also envisages active involvement of local self-government in areas of capacity building, and provides for community based monitoring of health outputs. The policy also envisages strategic purchase of secondary and tertiary care services as a short term measure from public sector hospitals followed by not-for profit private sector and then commercial private sector in underserved areas, based on availability of services of acceptable and defined quality criteria. The policy also suggests exploring collaboration for primary care services with 'not- for -profit' organizations having a track record of public services where critical gaps exist. The policy has advocated for building synergy with "not for profit" organisations and private sector subject to availability of timely quality services as per predefined norms for critical gap filling.

**New Initiatives in Health Sector**

The Government has devised various new initiatives on health sector which inter-alia includes:

1. Introduction of new vaccines
2. Mission Indradhanush
3. NHM Free Drug and Diagnosis Initiatives
4. Setting up of New AIIMS Institutions
5. Upgradation of district hospitals to medical college hospitals.
6. Pradhan Mantri National Dialysis Services Programme
7. The Pradhan Mantri Surakshit Matritva Abhiyan (PMSMA)
8. Senior Citizen Health Insurance Scheme (SCHIS)
9. India Newborn Action Plan
10. Biomedical Equipment Management & Maintenance Program (BMMP)
11. MAA- Mother's Absolute Affection Programme
12. Kayakalp initiative
13. Affordable Medicines and Reliable Implants for Treatment (AMRIT) outlets
14. Health and wellness centres to provide comprehensive primary healthcare.
15. Universal Screening of Non-Communicable Diseases- Government of India launched Operational Guidelines on prevention, screening and control of common Non-Communicable Diseases: Hypertension, Diabetes and Common Cancer-Oral, Breast, Cervix.
16. Scheme for strengthening of Drug Regulatory system in the country
17. National Quality Assurance Programme, under which, Quality Standards for District Hospitals, Community Health Centres, Primary Health Centres and Urban Primary Health Centres have been formulated.

18. New Mental Health Policy 2014 envisions promoting mental health, by providing accessible, affordable and quality health and social care to all persons with mental illness.
  19. Cartridge Based Nucleic Acid Amplification test (CB NAAT) specialized machines which enables accurate diagnosis of drug resistant TB within a few hours facilitating diagnosis and treatment of Drug Resistant TB have been set up in 628 districts.
  20. Daily regimen for treatment of TB has been rolled out in five States. This will significantly improve treatment compliance.
  21. E-governance system (SUGAM) has been introduced in CDSCO for online processing of applications, linking of CDSCO HQ with other offices, laboratories, and for maintenance of database to promote ease of doing business.
  22. New medical device Rules have been framed and published to provide separate legal framework for regulation of medical devices. The new Rules will facilitate expeditious approval of medical devices.
  23. E-health initiatives such as Kilkari, Mobile Academy, ANM On Line (ANMOL), MeraAspataal, e-hospital, e-rakthkosh, etc have been rolled out.
-
