RE: Revised Estimates

(b): The Government continuously strives to rationalize the subsidy regime in major subsidies like fertilizer, food and petroleum to better target it to the needy beneficiaries. Various reform measures have also been taken in context of subsidies without causing any hardship to genuine needy people.

(c): The State Government of Andhra Pradesh has recently requested that the liability of Externally Aided Projects (EAPs) Loans shall be taken out from the books of accounts of the Government of Andhra Pradesh so that it will not form part of the States FRBM limit. The Government of Andhra Pradesh has been informed that there will be no change in the mechanism of transfer of EAP loans, i.e. loan will be transferred on back to back basis on the same terms and conditions as are attached to the loan by the lending agency. Hence, EAP loans, like any other borrowings by the State, shall be considered within the Fiscal Deficit limit of the State.

(d): The Government has been taking legal, administrative and technological measures to mobilize higher amount of resources from both tax and non-tax revenue along with rationalization of expenditure, including through subsidy reforms etc.
