ANSWER

MINISTER OF STATE IN THE MINISTRY OF TRIBAL AFFAIRS
(SHRI JASWANTSINH BHABHOR)

(a) to (b): The status of all population, including Scheduled Tribes (STs), is reviewed regarding socio-economic conditions, assets and amenities, education, health, poverty, employment, etc., across the country through decennial Census conducted by the Office of the Registrar General, India; large scale sample surveys conducted by National Sample Survey Office (NSSO), Ministry of Statistics & Programme Implementation; various surveys conducted by Ministry of Health & Family Welfare, Ministry of Human Resource Development, Ministry of Labour & Employment, etc. In addition to above, officials of Ministry of Tribal Affairs often visit States / different locations and review progress of tribal development schemes.

(c): Government has adopted a multi-pronged strategy for overall development of STs across the country, which includes support for education, health, sanitation, water supply, skill development, livelihood, infrastructure, etc. Major part of infrastructure development and provision of basic amenities in tribal areas / regions in the country is carried out through various schemes / programmes of concerned Central Ministries and the State Governments concerned, while the Ministry of Tribal Affairs provides additive to these initiatives by way of plugging critical gaps. A list of schemes / programmes administered by Ministry of Tribal Affairs is at **Annexure I**.

Further, the Ministry of Tribal Affairs administers 'the Schedule Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006 (in short FRA)'. The FRA has been enacted to recognize and record rights of forest dwellers who have been residing in such forests for generations and whose rights could not be recorded and, secondly to empower them and their community institutions as statutory authorities with the power to protect and manage forests. Responsibility for implementation of FRA lies with State Governments/UTs. As per information received from the State Governments, upto 30.04.2017, 41,70,191 claims (40,31,766 individual and 1,38,425 community claims) have

been filed and 17,92,816 titles (17,29,923 individual and 62,893 community claims) have been distributed to the extent of 1,37,47,389.80 acres of forest land. A total of 36,40,498 (87.30%) claims have been disposed of. Also, under Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA), FRA beneficiaries are entitled to a maximum of 150 days of work per household in a Financial Year.

The Census of India figures for the years 2001 and 2011 show that the literacy rate of Scheduled Tribes (STs) has increased to 59% in 2011 from 47.1% in 2001 at all India level. Various other indicators relating to health, education, livelihood, living conditions, etc., in respect of STs, as reflected in Census 2011 and other socio-economic survey reports have shown improvement in the status of STs. However, there are still considerable gaps in the human development indicators pertaining to STs as compared to general population.

As intimated by the Department of Personal and Training (DoPT), information on representation of STs in Central Government Departments / Ministries is collected by DoPT online. The representation of STs, which was 2.25% as on 01.01.1965, has increased to 8.37% as on 01.01.2015.

Annexure I referred to in reply to part (c) of Lok Sabha Unstarred Question No.1372 for 24.7.2017 regarding “Review of Benefits to Forest People”.
