(a) to (d) State/ Union Territory (UT)–wise details of funds allocated for development and maintenance of National Highways (NHs) during the last three years and current year, including the funds allocated for the State of Tamil Nadu, are annexed.

No separate funds are allocated for declaration of State Roads as new NHs/ expansion of NH network.

Facilities such as restaurant/food court, low cost dhaba, telephone booth/ Automated Teller Machine (ATM), fuel station & minor repair shop, toilets, rest rooms for short-stay, kiosk for sale of miscellaneous sundry items, etc. are available for commuters on NHs.

Government intends to provide facilities such as separate parking for cars, buses and trucks, restaurant/food court, low cost dhaba, telephone booth/ATM, fuel station & minor repair shop, rest rooms for short-stay, clean toilets, landscaping, kiosk for sale of miscellaneous sundry items, space for spreading Government welfare programme in a systematic and planned manner by setting up user-friendly wayside amenities along NHs. Wayside amenities now form part of major highway improvement projects. A Project Management Consultant (PMC) has been appointed to assist in overall implementation of the project and to engage specialized firms for developing and operating these facilities. Further, Ministry grants access permission to the retail outlets located along the NHs. As per the licence agreement signed as part of granting such access permission, it is mandatory for retail outlets to provide toilet and drinking water facilities to the users.

No separate funds are allocated for providing such way side amenities, etc., on NHs.

The Ministry is implementing a National Highway Accident Relief Service Scheme (NHARSS) under which ambulances and cranes are provided to the State Governments to take the accidents' victims to the nearest hospital and to evacuate the damaged vehicles from the road accidents' site on the NHs. NHAI also provides ambulances at every toll plaza on the completed corridor of NHs.
