**(a) to (d) : There is no specific scheme to promote sports infrastructure in schools and colleges. However, under the Right to Education Act State Governments are required to provide all schools with compulsory access to playfields. Similarly, under MGNREGA construction of playfield is a permissible activity and in many states playfields are being considered in schools with funding from MGNREGA. With respect to colleges sports activities are largely supported with the help of sports fees collected from students. Apart from this schools and colleges are eligible to get funding under Khelo India for construction of sports infrastructure subject to technical feasibility and availability of funds.**
