**STATEMENT REFERRED TO IN REPLY TO LOK SABHA  
STARRED QUESTION NO. 107\* FOR 22<sup>TH</sup> DECEMBER, 2017**

(a) As per Rural Health Statistics 2017, there are shortcomings in the availability of infrastructure and human resource in various categories in Public Health Facilities in the State of Jharkhand.

(b) & (c) Public Health being a State subject, the primary responsibility to provide health care services to the citizens lies with the respective State/UT Governments. However, under National Health Mission (NHM), support is extended to States/UTs to strengthen their healthcare system including for new infrastructure, innovations, human resources, medical equipments, drugs and diagnostics. Technical and financial support is provided to the States based on proposals submitted by the States / UTs in their Programme Implementation Plans.

The PIPs submitted by States/UTs and approvals issued in the form of Records of Proceedings (RoPs) are available in public domain <http://nhm.gov.in/nrhm-in-state/state-programimplementation-plans-pips.html>.

(d) & (e) No such proposal in this regard is pending with this Ministry.
