

GOVERNMENT OF INDIA  
MINISTRY OF DRINKING WATER AND SANITATION

**LOK SABHA**  
**UNSTARRED QUESTION NO.1663**  
**TO BE ANSWERED ON 28.12.2017**

**Drinking Water and Sanitation facilities in Uttar Pradesh**

**†1663. DR. SWAMI SAKSHIJI MAHARAJ:**

Will the Minister of DRINKING WATER AND SANITATION be pleased to state:

- (a) the number of villages in which drinking water is not available in rural areas of Uttar Pradesh, District-wise;
- (b) the number of villages in which sanitation facilities are not available in rural areas in the State, District-wise; and
- (c) the details of the action plan chalked out by the Union Government for providing drinking water and sanitation facilities in all villages in the State?

**ANSWER**

**MINISTER OF STATE FOR DRINKING WATER AND SANITATION**  
**(SHRI S S AHLUWALIA)**

- (a) This Ministry maintains information regarding coverage of rural drinking water supply in terms of habitations and not in terms of villages. Under National Rural Drinking Water Programme (NRDWP), coverage of rural water drinking supply is maintained in terms of Fully Covered habitations (i.e. getting more than 40 litres per capita per day safe drinking water), Partially Covered habitations (i.e. getting less than 40 litre per capita per day safe drinking water) and Quality Affected habitations (i.e. containing chemical contaminant). As per information entered by States on Integrated Management Information System (IMIS) of the Ministry, district-wise number of partially covered habitations and Quality Affected habitations is at **Annexure-I**.
- (b) District-wise, number of households without toilets in Uttar Pradesh as on 26.12.2017 is at **Annexure-II**.
- (c) Rural drinking water supply is a State subject. Under National Rural Drinking Water Programme (NRDWP), this Ministry provides financial and technical assistance to the States to supplement their efforts to provide clean drinking water in the rural areas. This Ministry has restructured NRDWP guideline to make it competitive, outcome based and result oriented. The Ministry has directed States to focus on Piped Water Supply schemes only. Further, this Ministry has directed States to focus on

completing the schemes which are at advanced stage of completion. While doing so, this Ministry has directed that priority is to be accorded to the schemes meant for Arsenic / Fluoride affected habitation and Open Defecation Free (ODF) villages. The state has also been advised to pool more funds from the state finance department for drinking water supply sector out of enhanced devolution of funds from 32% to 42 % under 14<sup>th</sup> Finance Commission.

**SBM (G):** The Swachh Bharat Mission (Gramin) (SBM(G)) has been launched on 2nd October, 2014. The focus of the scheme is on behavior change and usage of toilets. Under Swachh Bharat Mission (Gramin), there is a provision of an incentive of Rs. 12,000 for the construction of Individual household latrine (IHHL) to all Below Poverty Line (BPL) households and to identified Above Poverty Line (APL) households (all SCs /STs, small and marginal farmers, landless labourers with homestead, physically handicapped and women-headed households. There is a greater emphasis on capacity building, especially in community approaches and programme management. The programme is being run as a *janandolan* with cooperation of all sections of the society including the NGOs, Corporates, youth etc. The Panchayats are being actively involved. As on 26.12.2017, 1.21 crore households are without toilets in rural areas in UP and as per Action Plan of Government of Uttar Pradesh all households will be toilets by 2.10.2018.
