

GOVERNMENT OF INDIA
MINISTRY OF CHEMICALS & FERTILIZERS
DEPARTMENT OF FERTILIZERS

LOK SABHA

**UNSTARRED QUESTION NO. 490
TO BE ANSWERED ON 19.12.2017**

New Urea/ Fertilizer Unit

490 SHRI RAVINDRA KUMAR PANDEY:

Will the Minister of **CHEMICALS AND FERTILIZERS** be pleased to state:

- (a) whether the Government has any proposal for establishing new Urea/ Fertilizer units using latest World Class technology in the country especially in Jharkhand and Uttar Pradesh and if so, the details thereof;
- (b) if not, the reasons therefor;
- (c) whether this proposal will help to reduce the dependency on imports and help overall growth and development of the fertilizer sector in the country; and
- (d) if so, the details thereof?

ANSWER

MINISTER OF STATE (INDEPENDENT CHARGE) FOR THE MINISTRY OF PLANNING AND MINISTER OF STATE IN THE MINISTRY OF CHEMICALS & FERTILIZERS

(RAO INDERJIT SINGH)

(a).: Government of India is reviving 5 closed fertilizer plants of Fertilizer Corporation of India Ltd. (FCIL) and Hindustan Fertilizer Corporation Ltd. (HFCL) namely Talcher, Ramagundam, Gorakhpur and Sindri plants of FCIL and Barauni plant of HFCL by setting up new Ammonia Urea plants of 12.7 Lakh metric tonne per annum capacity each using state of the art technology, in the following states:-

Sl No.	Name of Fertilizer plant	Name of location & State where plant is located
1.	Talcher Fertilizers Ltd.	Talcher, Odisha
2.	Ramagundam Fertilizers & Chemicals Ltd.	Ramagundam, Telangana
3.	Hindustan Urvarak & Rasayan Ltd. (HURL)	Gorakhpur, Uttar Pradesh
4.	Hindustan Urvarak & Rasayan Ltd. (HURL)	Sindri, Jharkhand
5.	Hindustan Urvarak & Rasayan Ltd. (HURL)	Barauni, Bihar

The production capacity of each of above 5 plants is 12.7 Lakh metric tonne per annum. In addition to above, Cabinet on 21.05.2015 approved the setting up of a new Ammonia- Urea complex of 8.646 LMTPA capacity at Namrup within the existing premises of Brahmaputra Valley Fertilizer Corporation Limited (BVFCL).

(b) : Not applicable in view of (a) above.

(c) & (d): The aforesaid proposal upon implementation/ operation will bridge the gap between demand and supply of urea in the country, and will rejuvenate the fertilizer sector. Subsequent to commissioning/ start of the above plants, the indigenous urea production will be enhanced by 72.146 lakh metric tonne per year leading to huge reduction in import of urea.
