STATEMENT

STATEMENT REFERRED TO IN REPLY TO THE LOK SABHA STARRED QUESTION NO.*255 FOR ANSWER ON 13.03.2018 REGARDING SAMRT CITY MISSION

***

(a): The salient features of the Smart City Mission are competition to select cities, citizens driven planning, area-based development, application of smart solutions and establishment of Special Purpose Vehicle (SPV) for implementation.

(b): The progress depends on the date of the selection of the Smart City. After selection, it takes around 18 months in setting up Special Purpose Vehicle (SPV), procuring Project Management Consultant (PMC) firm, hiring Human Resources, preparing Detailed Project Reports (DPRs) and then call for tenders. For Cities selected in Round 1 (January 2016), where 18 months have lapsed, about 51% of the projects have either been tendered or under implementation. In Round 2& 3, nearly all the cities have set up SPVs.

(c): Under Smart Cities Mission, the Central and State / Urban Local Body share is Rs. 500 crore each per city. An amount of Rs. 9,939.20 crores has, so far, been released by Government of India to States for Smart Cities. The cities have identified 3,012 projects worth Rs. 1,38,984 crores for implementation. Out of which, 753 projects worth Rs. 24,511.49 crores have been completed or under implementation; tendering has started for 287 projects worth Rs. 14,296 crores. City wise

details of the progress of the implementation is given at Annexure-I.

(d): No such issue has been raised by State/UT Governments during various meetings/reviews held with State/UT Governments.

(e): The National Capital Region Planning Board (NCRPB) is ready to fund the Smart City Proposals once the projects are posed by the Smart Cities located in the Nation Capital Region (NCR) and the Counter Magnet Areas. Such funding would be governed by the mandate of the NCRPB.
