**STATEMENT REFERRED TO IN REPLY TO PART (a) TO (e) OF THE LOK SABHA
STARRED QUESTION NO.†*436 FOR 26.06.2018**

- (a) Conservation work of monuments is a continuous process where first preference is given to traditional methods and techniques used in the original construction of the heritage sites/forts/historical monuments. However, recourse to modern technology is taken to ensure structural stability wherever such need arises. All conservation works are undertaken as per ASI's adopted National Policy for Conservation of Monuments and Archaeological Sites and other international charters and guidelines.

- (b) The details of conservation works executed during the last three years at Chittorgarh Fort alongwith the status is given in Annexure.

- (c) The conservation programme of Chittorgarh Fort is reviewed regularly wherein
- to completed works are dropped and new works are incorporated as per the
- (e) requirements at monuments and availability of resources.
