

**GOVERNMENT OF INDIA
MINISTRY OF HEALTH AND FAMILY WELFARE
DEPARTMENT OF HEALTH AND FAMILY WELFARE**

**LOK SABHA
UNSTARRED QUESTION NO. 1378
TO BE ANSWERED ON 9TH FEBRUARY, 2018**

UNIVERSAL HEALTH CARE SERVICES

1378. ADV. JOICE GEORGE:

Will the Minister of **HEALTH AND FAMILY WELFARE** be pleased to state:

- (a) whether the majority of healthcare professionals happen to be concentrated in urban areas where consumers have higher paying capacity, leaving rural areas underserved;
- (b) if so, the details thereof;
- (c) whether the Government has any plan to address rural healthcare more reasonably and if so, the details thereof;
- (d) whether the Central and State Governments offer universal healthcare services and free treatment and essential drugs at Government hospitals and if so, the details thereof; and
- (e) whether these hospitals are understaffed and under-financed, forcing patients to visit private medical practitioners and hospitals and if so, the details thereof?

**ANSWER
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND
FAMILY WELFARE
(SHRI ASHWINI KUMAR CHOUBEY)**

(a) & (b): As per World Health Organization Report 2016 titled 'The Health Workforce in India' 59.2% of health workers were in urban areas and 40.8% of health workers in rural areas.

World Health Organization Report 2016 titled 'The Health Workforce in India' is available at URL – http://www.who.int/hrh/resources/16058health_workforce_India.pdf

(c): Public health and hospital being a State subject, primary responsibility to provide healthcare services – including in rural areas, lies in the jurisdiction of the respective State/UT governments.

Contd.....

However, the Government launched the National Rural Health Mission (NRHM) in April 2005 with the aims of attainment of universal access to equitable, affordable and quality health care services, accountable and responsive to people's needs, with effective inter-sectoral convergent action to address the wider social determinants of health.

Under NRHM/National Health Mission (NHM), technical and financial support is provided to States/UTs for strengthening of their healthcare systems based on proposals received from States/UTs in their Programme Implementation Plans under NHM, within their resource envelope. The detailed framework of Implementation of NRHM is available at URL - <http://nhm.gov.in/images/pdf/about-nrhm/nrhm-framework-implementation/nrhm-framework-latest.pdf> .

(d): Under NHM, the support provided to states/UTs includes support for free treatment and essential drugs at Government hospitals. The approvals issued under NHM, including for free treatment and essential drugs at Government hospitals - are available at URL - <http://nhm.gov.in/nrhm-in-state/state-program-implementation-plans-pips.html> .

(e); Public health and hospital being a State subject, the administrative and personnel matters pertaining to health human resource (Health HR) – including their appointment and retention, fall within the jurisdiction of the respective State/UT Governments. Government of India does not appoint or finance public health facilities in the States directly. However, as stated above, the Government provides technical and financial support to States/UTs for strengthening of their healthcare systems based on proposals received from States/UTs in their Programme Implementation Plans under NHM, within their resource envelope – which includes support for availing services of health human resource on contractual basis.

As per Rural Health Statistics 2017, the status of Health Human Resource in various facilities is at Annexure.

.....
