(a) to (d): Government initiated a scheme namely – “Assistance for capacity building for developing trauma care facilities (TCFs) in Government Hospitals on National Highways” during 11<sup>th</sup> Five Year Plan (FYP). The scheme was extended to the 12<sup>th</sup> FYP as “Capacity building for developing trauma care facilities in Government Hospitals on National Highways.” During the 11<sup>th</sup> & 12<sup>th</sup> FYP, 116 and 85 locations/hospitals respectively were approved in different States/Union Territories (UTs) in the country for establishing TCFs at various levels.

The details of the State Government Hospitals/Medical Colleges identified for setting up of TCFs, funded, State/UT-wise during 11<sup>th</sup> & 12<sup>th</sup> FYP are at Annexure-1 & II respectively.

Further, the following steps have been taken by the Government for effective implementation of the programme:

- Operational guidelines have been circulated to the stakeholders.
- Proposals received from the State Governments are technically examined and accordingly inspection visits are conducted and technical reports are submitted for approval of Screening Committee.
- Regular review meetings with state representatives are being held to monitor the physical & financial progress made in the development of trauma care facilities.
- Regular monitoring visits are being undertaken by the Programme Division.
- Advanced Trauma Life Support (ATLS) & Basic Life Support (BLS) training is being conducted at DR. RML Hospital for Doctors and Nurses posted in TCFs.
- A certificate course for Pre-Hospital Trauma Technician (PTT) was initiated during 2007 in 3 Central Government Hospitals in Delhi is continuing till date.
- Under the IEC activities, print material, audio-video spots and documentary film on goof Samaritan /Fist-Aid have been developed and audio-visuals have been distributed to all States/UTs.
