**LOK SABHA
UNSTARRED QUESTION NO. 3754
TO BE ANSWERED ON 19.03.2018**

Gender issues in Education

3754. Dr. J. JAYAVARDHAN:
SHRI P.R. SUNDARAM:
SHRI DHANANJAY MAHADIK:
SHRIMATI SUPRIYA SULE:
DR. HEENA VIJAYKUMAR GAVIT:
SHRI SATAV RAJEEV:

Will the Minister of HUMAN RESOURCE DEVELOPMENT be pleased to state:

- (a) whether the Government is aware that the educational sector in the country is facing massive gender issues;
- (b) if so, the details thereof and the reasons therefor;
- (c) whether the present educational system in the country is continuing traditional kind of gender education and if so, the details thereof and the reasons therefor;
- (d) whether there are many hurdles in education of under-privileged sections of society like women, Scheduled Castes, Scheduled Tribes and minorities currently; and
- (e) if so, the details thereof and the action taken by the Government in this regard?

ANSWER

**MINISTER OF STATE IN THE MINISTRY OF HUMAN RESOURCE DEVELOPMENT
(DR. SATYA PAL SINGH)**

(a) and (b) : Yes Madam. The Government is aware of the gender related issues in the education system. The Gross Enrolment Ratio (GER) for boys and girls at secondary level for 2015-16 is 79.16 and 80.97 respectively. The GER for boys and girls at higher secondary stage for 2015-16 is 55.95 and 56.41 respectively. As per All India Survey on Higher Education (2016-17), the GER in Higher Education in India is 25.2% and female GER is 24.5%. This shows that there is no massive gender gap in education at the secondary, higher secondary and higher education levels. To address low female enrolment in Indian Institutes of Technology (IITs), it has been decided to increase female enrolment in IITs (in B.Tech. programme) from 8% in 2016 to 14% in 2018-19, 17% in 2019-20 and 20% in 2020-21 by creating supernumerary seats.

The University Grants Commission (UGC) had conducted gender audit in the year 2014-15 and 2015-16 and found that there are certain gender issues including cases of sexual harassment inside the educational institutions. The UGC has taken various steps to address the issue of sexual harassment in institutions of higher learning. Directions have been issued by UGC to all universities to establish a Cell to monitor and deal with sexual harassment cases. The institutions of higher learning have been advised to hold conferences, seminars, workshops to sensitize the management and teachers and students about the issue. UGC has further reiterated its policy of zero tolerance with regard to harassment of any kind in the institutions of higher education and notified UGC (Prevention, prohibition and redressal of sexual harassment of women employees and students in higher educational institutions) Regulations, 2015.

The Ministry of Human Resource Development (MHRD) has also written to Centrally Funded Higher Education Institutions (CFHEIs) for formation of Internal Complaints Committee (ICC) to address the complaints of the students and women employees.

(c) to (f) : Gender sensitization is a continuous process and the MHRD has been addressing it on priority. The National Curriculum Framework (NCF) 2005 prioritizes gender as an important guiding principle in all curricular areas and stipulates that gender be an integral part of all disciplines offered to children at school stage. Gender concerns have been integrated in the curriculum and textbooks drawn up by the National Council of Education Research & Training (NCERT) which are widely used by the schools affiliated to the Central Board of Secondary Education (CBSE) and also in several State Governments.

Government has taken several measures to increase the enrollment of Women, Scheduled Castes, Scheduled Tribes, Other Backward Classes and Minorities in higher education. MHRD is implementing the Central Sector Scheme of Scholarship for College and University Students wherein 50% of the scholarship is earmarked for girl students. The UGC is implementing several schemes/ scholarships/ measures for SC/ST/OBC (non-creamy layer), Minorities Community students and women through special coaching schemes, remedial coaching, coaching for National eligibility Test (NET) / State Eligibility Test (SET), coaching classes for entry in services, Equal Opportunity Cells in Universities/Colleges, construction of women hostels, the capacity building of women managers in higher education scheme, the Indira Gandhi post graduate scholarship scheme for single girl child and a fellowship for single girl child for taking up research in science departments, the Rajiv Gandhi National Fellowship for SC/ST Candidates, the Post-Doctoral Fellowship to women candidates. The All India Council for Technical Education (AICTE) has launched the Scholarship scheme for girl child (PRAGATI) to provide assistance for advancement of girls participation in Technical Education.

Bridging gender and social category gaps in elementary education is one of the major goals of Sarva Shiksha Abhiyan (SSA). Consequently, SSA attempts to reach out to girls and children belonging to Scheduled Caste (SC), Scheduled Tribes (ST), notified Minority communities. SSA has also given attention to urban deprived children, children affected by periodic migration, and children living in remote and scattered habitations.

The Rashtriya Madhyamik Shiksha Abhiyan (RMSA) scheme envisages enhancing the enrolment for classes IX-X by providing a secondary school within a reasonable distance of every habitation, improving quality of education imparted at secondary level through making all secondary schools conform to prescribed norms, removal of gender, social-economic and disability barriers. RMSA further takes steps for improving enrolment and reducing dropout of girls which includes provision of learning enhancement programme for weak students, enrolment and retention drives, guidance and counseling programmes, self-defence training for girl students, provision of separate toilets for girls, residential quarters for female teachers in remotely located area, etc. National scheme of incentive to girls for Secondary Education provides Rs. 3000 which is deposited in the name of eligible unmarried girls below 16 years and entitled to withdraw it along with interest on reaching 18 years of age and after passing class X. Central Board of Secondary Education (CBSE) has launched a scheme “Udaan” to provide free online resources to girl student of class XI and XII for preparation of admission test for the premier engineering colleges in the country.

The Ministry of Social Justice and Empowerment (MSJ&E) and Ministry of Tribal Affairs also have scholarship schemes for SC/ST students like Pre-matric Scholarship for SC (IX & X), Post-Matric scholarship for SC/ST students, Central Sector Scholarship Scheme of Top class Education for SC/ST students and National Overseas Scholarship for SC/ST students, National fellowship for Schedule Caste Students, Scheme for strengthening education among ST girls in a low literacy Districts, Centrally sponsored scheme of hostels for ST boys and ST girls. MSJ&E has taken several measures to increase the enrollment of OBC Students such as Pre-Matric Scholarship to the OBCs, Post-Matric Scholarship to the OBCs, Construction of Hostel for OBC boys and girls, assistance to Voluntary Organizations for the Welfare of OBCs, National Fellowship for OBCs, Dr. Ambedkar Central Sector Scheme of Interest Subsidy on Educational Loans for Overseas Studies for Other Backward Classes (OBCs) and Economically Backward Classes (EBCs) and Dr. Ambedkar Scheme of Post-Matric Scholarship for EBC Students.

The Ministry of Minority Affairs also provide opportunities to different minority communities like scholarship schemes under pre-matric, post-matric and Merit-cum-Means based scholarship schemes for Minority Communities, Maulana Azad National Fellowship for Minority Students and Nai-Roshni – The leadership Development of Minority Women.
