

**LOK SABHA**  
**UNSTARRED QUESTION NO. 4965**  
**TO BE ANSWERED ON 26<sup>TH</sup> MARCH, 2018**

**PRICE OF PETROLEUM PRODUCTS**

**4965. SHRI DEEPENDER SINGH HOODA:**  
**DR. MAMTAZ SANGHAMITA:**  
**SHRI ALOK SANJAR:**  
**DR. BOORA NARSAIAH GOUD:**  
**SHRI K.R.P. PRABAKARAN:**

पेट्रोलियम और प्राकृतिक गैस मंत्री

**Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state:**

- (a) the retail selling price of petrol and diesel as on date in neighbouring countries such as Pakistan, Nepal, Bhutan, Sri Lanka and developed countries such as United States of America and China as compared to India;
- (b) the current price of petrol, diesel and LPG in each State of the country along with reasons for different prices in the country and the steps taken to bring uniformity in the prices of petroleum products in the country, State/UT-wise;
- (c) the likely impact of Goods and Services Tax (GST) on the profitability and input cost of petroleum products to public sector oil companies once GST is implemented;
- (d) whether the oil companies have to comply with both old and new tax regimes since some of the products are under GST and some are exempted and if so, the details thereof; and
- (e) the details of profit/loss incurred by upstream and private companies along with reasons for decline in profits of some companies despite decline in the prices of crude oil in the international market during the last two years and the current year?

**ANSWER**

पेट्रोलियम और प्राकृतिक गैस मंत्री

(श्री धर्मेन्द्र प्रधान)

**MINISTER OF PETROLEUM AND NATURAL GAS**  
**(SHRI DHARMENDRA PRADHAN)**

---

(a) : Prices of Petrol and Diesel have been made market-determined effective 26.06.2010 and 19.10.2014 respectively. Since then, the Public Sector Oil Marketing Companies (OMCs) take appropriate decision on pricing of Petrol and Diesel in line with international product prices and other market conditions.

The prices of petroleum products in the country are benchmarked to international product prices. Generally, the prices of sensitive petroleum products in the country are higher/lower than other countries due to various factors, including prevailing tax regime and subsidy compensations by the respective Governments.

(b): The retail selling price of petrol and diesel as on 19.03.2018 in all the state capitals is given as Annexure-1 and the retail selling price of Domestic LPG and effective cost to consumers after subsidy effective 01.03.2018 is given as Annexure-2.

(c) & (d): The oil sector has a hybrid tax regime on account of being subject to levy of existing taxes i.e. excise duty and State sales tax for Petrol, Diesel, ATF, crude oil and Natural Gas and GST for the remaining petroleum products. The exclusion of five major petroleum items is resulting in non-availability of input tax credit of GST paid on purchases intended for excluded petroleum products.

(e): Reduction in price of crude oil in the international oil markets reduces the realization on sales of crude by the upstream oil companies. The details of profit/loss of PSU upstream companies during the last two years and the current year is given as under:-

Rs. crores

Upstream Company	2015-16	2016-17	Apr-Dec, 2017-18
ONGC	16,140	17,900	14,030
OIL	2,302	1,549	1,801
