**THE MINISTER OF STATE (IC) OF THE MINISTRY OF AYURVEDA,

(a) & (b): Yes, The Central Government provides AYUSH based research and referral facilities to treat diseases such as cancer as well as life style diseases by supporting various research efforts in this area. There are five autonomous Research Councils, namely (i) Central Council for Research in Ayurvedic Sciences (CCRAS), (ii) Central Council for Research in Yoga and Naturopathy (CCRYN) (iii) Central Council for Research in Unani Medicine (CCRUM) (iv) Central Council for Research in Siddha (CCRS) and (v) Central Council for Research in Homoeopathy (CCRH) under the Ministry of AYUSH with the mandate to undertake research in their respective system. Ministry of AYUSH through CCRAS, CCRH, CCRUM and CCRS has launched a programme to integrate Ayurveda, Homoeopathy and Unani and Siddha with National Programme for Prevention and Control of Cancer, Diabetes, Cardiovascular Diseases and Stroke (NPCDCS) in some district of identified States. The major objective of the programme is prevention and early diagnosis of these diseases; reduce complications and drug dependency through these systems. Government also supports intra-mural, extra-mural and collaborative research to encourage AYUSH Systems to develop procedures and therapies for management of cancer and life style diseases, through the units of its own Research Councils and Institutes.
