

GOVERNMENT OF INDIA
MINISTRY OF AGRICULTURE AND FARMERS WELFARE
DEPARTMENT OF AGRICULTURE, COOPERATION & FARMERS WELFARE

LOK SABHA
STARRED QUESTION NO. 183
TO BE ANSWERED ON THE 31ST JULY, 2018

PLIGHT OF FARMERS

*183. SHRI PRATAPRAO JADHAV:

Will the Minister of AGRICULTURE AND FARMERS WELFARE कृषि एवं किसान कल्याण
½ãâ`ããè
be pleased to state:

- (a): whether a group of farmers in Buldhana district in Vidarbha region of Maharashtra has given any representation/letter seeking permission to commit suicide;
- (b): if so, the details thereof and the reaction of the Government thereto;
- (c): the factors responsible for such a plight of the farmers;
- (d): whether the Government has taken any steps to deal with those factors; and
- (e): if so, the details thereof and if not, the reasons therefor?

ANSWER

MINISTER OF AGRICULTURE AND FARMERS WELFARE

कृषि एवं किसान कल्याण ½ãâ`ããè (SHRI RADHA MOHAN SINGH)

(a) to (e): A statement is laid on the Table of the House.

STATEMENT REFERRED TO IN REPLY TO PARTS (a) TO (e) OF LOK SABHA STARRED QUESTION NO. 183 DUE FOR REPLY ON 31ST JULY, 2018.

(a) to (e): As per the information received from State Government of Maharashtra, a group of farmers made a representation at the Sub Divisional Magistrate, Khamgaon, District Buldana, Maharashtra on 21.03.2018 asking for the permission to commit mass euthanasia as a part of their ongoing agitation mainly demanding that compensation of their lands which had been acquired according to the National Highway Act, 1956 should be calculated according to the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation & Resettlement Act (RFCTLARR), 2013.

It is informed that Agriculture is a State subject. Agrarian distress can be addressed by enabling the farmers to increase their income. The Government is targeting to double the income of the farmers by the year 2022. To achieve this, the Department of Agriculture, Cooperation and Farmers' Welfare has taken a number of measures. The Government has been reorienting the agriculture sector by focusing on an income-centeredness which goes beyond achieving merely the targeted production. The income approach focuses on achieving high productivity, reduced cost of cultivation and remunerative price on the produce, with a view to earn higher profits from farming. Various initiatives by way of schemes and policy reforms have been rolled out in consonance with this approach. Further, these initiatives are supported by a big jump in the much needed budgetary allocations for the agriculture sector. For the period 2009-2014, the budget for agriculture was Rs.1,21,082 crore. During 2014-2019, the allocation has been enhanced by 74.5 per cent to Rs.2,11,694 crore. Besides, Non-budgetary resources have been mobilized to supplement budgetary resources. Following are the corpus fund created during 2014-19:

Contd...2/-

- Long Term Irrigation Fund (LTIF) to complete long pending 99 irrigation projects and create 7.6 million ha of irrigation by December 2019 - Rs.40,000 crore (2016-17 and 2017-18). The total investment is expected to be Rs. 80,000 crore (approx)
- Micro Irrigation Fund for water use efficiency - Rs.5,000 crore (2017-18)
- Dairy Infrastructure Development Fund - Rs.10,881 crore (2017-18)
- Fisheries and Aqua Culture Infrastructure Development Fund - Rs. 7,522.48 crore (2018-19)
- Animal Husbandry Infrastructure Development Fund – Rs. 2,450 crore (2018-19)
- Agri-Market Infrastructure Fund - Rs. 2,000 crore (2018-19).

The Department has been implementing various schemes for betterment of agriculture sector such as :

- (i) Soil Health Card (SHC) scheme by which the farmers can know the major and minor nutrients available in their soils which will ensure judicious use of fertilizer application and thus save input cost of farmers.
- (ii) Neem Coated Urea (NCU) is being promoted to regulate use of urea, enhance availability of nitrogen to the crop and reduce cost of fertilizer application. NCU slows down the release of fertilizer and makes it available to the crop in an effective manner.
- (iii) Paramparagat Krishi Vikas Yojana (PKVY) is being implemented with a view to promote organic farming in the country.
- (iv) Pradhan Mantri Krishi Sinchayee Yojana (PMKSY) was launched on 1st July, 2015 with the motto of 'Har Khet Ko Paani' for providing end-to-end solutions in irrigation supply chain, comprising water sources, distribution network and farm level applications.

(v) Electronic National Agriculture Market (e-NAM) which is an innovative market process to revolutionize agri-markets by ensuring better price discovery, bringing in transparency and competition to enable farmers to get improved remuneration for their produce moving towards 'One Nation One Market'. The Department has achieved the target of integration of 585 mandis with e-NAM by March 2018. Additional 200 mandies to be integrated by 2018-19 under e-NAM.

(vi) Existing 22,000 rural haats to be developed and upgraded into Gramin Agricultural Markets (GrAMs). These GrAMs, electronically linked to e-NAM portal and exempted from regulations of Agriculture Produce Marketing Committees (APMCs), will provide farmers facility to make direct sale to consumers and bulk purchasers.

(vii) The Model Agricultural Produce & Livestock Marketing (Promotion & Facilitation) Act, 2017 released in April, 2017 and the Model Agricultural Produce & Livestock Contract Farming and Services (Promotion & Facilitation) Act, 2018 released in May, 2018, for adoption by State/UTs, to promote alternative competitive marketing channels for better pricing for farmers and to encourage private investment in developing efficient marketing infrastructure and value chain.

(viii) Government has introduced Pradhan Mantri Fasal Bima Yojana (PMFBY) from Kharif 2016 to address the risks associated with agriculture. PMFBY addresses all the shortcomings in the earlier schemes and is available to the farmers at very low rates of premium. The farmers will get full insurance cover as there is no capping of sum insured and consequently the claim amount is not curtailed or reduced. This scheme provides insurance cover at all stages of the crop cycle including post-harvest risks in specified instances.

(ix) The Government provides total interest subvention up to 5% (inclusive of 3% prompt repayment incentive) on short-term crop loans up to Rs. 3.00 lakh. Thus, loan is available to farmers at a reduced rate of 4% per annum on prompt repayment.

(x) The Government is implementing several Centrally Sponsored Schemes viz. National Food Security Mission (NFSM); Mission for Integrated Development of Horticulture (MIDH); National Mission on Oilseeds & Oilpalm (NMOOP); National Mission for Sustainable Agriculture (NMSA); National Mission on Agricultural Extension & Technology (NMAET) and Rashtriya Krishi Vikas Yojana (RKVY) for benefit of farmers.

Further, Minimum Support Price (MSP) is notified for both Kharif and Rabi crops based on the recommendations of the Commission on Agriculture Costs & Prices (CACP). The Commission collects & analyses data on cost of activation and recommends MSP. In the budget for 2018-19 the Government had announced that MSP for all unannounced Kharif crops will be 1.5 times the cost of production. Giving a major boost for the farmers income, the Cabinet Committee on Economic Affairs (CCEA) in its meeting held on 04.07.2018 has approved the increase in the MSPs for all Kharif crops for 2018-19 season at a level of at least 150 percent of the cost of production. The MSP declared during 2012-13 to 2018-19 for various crops is at **Annexure.**
