ANSWER

**THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND
FAMILY WELFARE
(SHRI ASHWINI KUMAR CHOUBEY)**

(a): This Ministry administers a Centrally Sponsored Scheme for Establishment of new medical colleges attached with existing district/referral hospitals. The Phase-II of this Scheme for establishment of 24 new medical colleges has been approved by Cabinet Committee on Economic Affairs in its meeting held on 7th February, 2018. The objective of the Phase-II of the scheme is to ensure the availability of one medical college in every 3 Parliamentary Constituencies and one Government medical college in each State. 24 new medical colleges in 8 States/UT have been identified under Phase II. The State Governments were requested to identify locations of these 24 new medical colleges on Challenge mode. Out of 24 medical colleges, 13 have been approved till date. The fund sharing ratio between the Central Government and States under the Scheme is 90:10 for NE/Special Category states and 60:40 for other States. The total cost of establishment of one Medical College under the scheme is Rs.250 crore. Funds to the tune of Rs.600 crore have been released to the State/UT Governments. Details are at **Annexure-I**

(b) to (d): The Government has not granted renewal permission to 70 existing Medical Colleges for admitting students in the year 2018-19 on the recommendation of Medical Council of India (MCI). The MCI, after causing inspection/assessment of the College found that they are not fulfilling the Minimum Standard Requirements to grant renewal permission.

The schemes for establishment of 64 Medical Colleges for the year 2018-19 were disapproved by the Government on the recommendation of MCI. Out of 64 proposals 33 were found to be incomplete and they were rejected. Remaining 31 Colleges were not fulfilling the Minimums Standard Requirements to grant approval during inspection/assessment. Details of such applications are at **Annexure-II**.
