ANSWER

**MINISTER OF STATE IN THE MINISTRY OF
SKILL DEVELOPMENT AND ENTREPRENEURSHIP
(SHRI ANANTKUMAR HEGDE)**

(a) to (c) and (e) Under Skill India Mission, Ministry of Skill Development and Entrepreneurship through National Skill Development Corporation (NSDC) is implementing a flagship scheme Pradhan Mantri Kaushal Vikas Yojana (PMKVY) 2016-20 with an objective to impart skill training to 1 crore prospective youth pan India including the State of Maharashtra for four years with a budgetary outlay of Rs. 12,000 crore.

As on 30.11.2018, under the PMKVY 2016-20, 33.93 lakh (appx.) candidates have been trained under Short Term Training (STT) (24.13 lakh), Recognition of Prior Learning (RPL) (9.08 lakh) and Special Project (0.72 lakh) across the country in various sectors. PMKVY 2016-20 has mandatory provisions for placement tracking. The placement data is reported within 90 days of certification of trained candidates on the Skill Development Management System (SDMS). As per data reported on SDMS, as on 30.11.2018, 20.18 lakh candidates have been certified under STT of PMKVY 2016-20. The number of candidates certified under STT of PMKVY 90 days prior i.e. 31.08.2018 is 18.42 lakh. Out of these candidates, as on 30.11.2018, 10.09 lakh candidates have been reported placed in various sectors across the country including the State of Maharashtra. The State/UT-wise details of candidates reported placed under STT of PMKVY 2016-20 is given at **Annexure**.

(d) and (f) Under PMKVY 2016-20, placement data of candidates is captured on the Skill Development Management System (SDMS) on monthly basis. SDMS does not allow uploading the data of the preceding month, until the placement data of previous month is

not updated. Placement guidelines of PMKVY 2016-2020 mandates to upload the data of each candidate for a minimum period of 3 months, and maximum period of 12 months. All such data captured on the SDMS is monitored regularly by NSDC and necessary action is taken recurrently.

Further, PMKVY 2016-20 is endowed with various provisions relating to continuous as well as performance monitoring of training centre. For ensuring quality of training under the scheme, all accreditation and affiliation of training centre is done through an online portal SMART with inspections done by an independent third party assessment agency. Adding to the improved accreditation process MSDE has initiated a process of continuous monitoring through various channels and mandatory re-accreditation every year. Under this self-audit reporting, call validations, surprise visits and monitoring through the Skills Development Management System (SDMS) have been adopted. The targets are being assigned to the TCs with a provision for periodic review. The grading is linked to quality of training, infrastructure availability, training capacity, past performance, geographical location and other relevant parameters.
