The main objective is to prepare second tier academic heads who are potentially likely to assume leadership roles in the future. The programme would provide senior faculty, with high academic credentials, the required leadership and managerial skills including skills of problem-solving, handling stress, team building work, conflict management, developing communication skills, understanding and coping with the complexity and challenges of governance in HEIs, financial & general administration. The implementation of LEAP Programme will be through 15 Indian Institutions which were selected on the basis of their NIRF ranking (within Top 20 in NIRF rankings).
