(a) to (e) The State-wise details of major projects which are about to get completed unhindered by the end of March 2019 across the country including Maharashtra is given at Annexure-I. National Highway projects are delayed mainly due to land acquisition, utility shifting, non-availability of soil/aggregate, poor performance of contractors, environment/forest/wildlife clearances, ROB & RUB issues with Railways, public agitation for additional facilities, arbitration/contractual disputes with contractors etc. To expedite completion of these projects various steps are taken which include streamlining of land acquisition & environment clearances, premium re-scheduling, close coordination with other Ministries, revamping of dispute resolution mechanism, frequent reviews at various levels etc. In order to ensure timely completion of the projects, regular meetings are held with project developers, State Governments and contractors at all levels.
