ANSWER

**MINISTER OF STATE (IC) FOR LABOUR AND EMPLOYMENT
(SHRI SANTOSH KUMAR GANGWAR)**

(a to c): As per the information received from the States/UTs, the number of employment exchanges functioning in the country are 997 and the number of job seekers, all of whom may not necessarily be unemployed, registered in employment exchanges and placed through employment exchanges in the country, State/UT-wise is given at Annexure-I and II respectively.

(d) & (e): The Ministry is implementing the National Career Service (NCS) Project as a plan scheme for transformation of the National Employment Service to provide a variety of employment related services such as job matching, career counselling, vocational guidance and making available information on skill development courses. Employers can access talent most appropriate for their organizations by looking through a countrywide database of workforce from blue-collar workers to white-collar staff.

The NCS Project envisages setting up of Model Career Centres (MCCs) in collaboration with States and other institutions of repute to deliver employment services. In addition, the NCS project has a component of interlinking of employment exchanges with NCS and provides part funding to States for upgradation of infrastructure in employment exchanges. The portal also facilitates organization of job fairs where both employers and job seekers can interact directly.
